Jaffa Road, central Jerusalem

Generated from posters.csv; do not annotate this PDF – edit the CSV and rebuild. Coordinates come from each photo's EXIF GPS tags. One entry per location: where several frames share a GPS point they are grouped, and a poster total marked + means at least that many, with some artwork present but not reliably countable. 17:17:05 Row of repeated Yechi sheets along the top rail of the mural hoarding; count not established.

17:17:06 One sticker on the pale-blue construction hoarding right of a lamppost; a second pale-yellow rectangle at the far left is too blurred to identify and is not counted.

17:17:16 Four identical sheets in a row on the Fattal site hoarding.

17:17:20 Pair on one lamppost; the lower sticker has been over-sprayed black.

2	sprayed	sticker	lamppost	2026-08-31

17:28:04 Two on the lamppost outside ZOYA / R STUB; the upper has a red paint blob across portrait and slogan, the lower is intact. Same pole as 17.28.13.

17:28:13 (repeat) Closer view of the same pole and same two instances as 17.28.04 - do not double count. Pasted paper rather than vinyl, with an event footer band.
